Online Note taking function for making online personal notes from each video course that you can then download and save or print for offline use or to add to school file.

The screenshot shows the CATTs Courses website interface for taking notes. At the top, there is a navigation bar with links for 'Browse Courses', 'My Courses', 'Reviews', 'Support', and 'Contact Us'. Below the navigation bar, there is a 'Back to All Notes' link. The main content area features a rich text editor with a toolbar containing icons for bold, italic, underline, link, unlink, list, and indent. The text in the editor is as follows:

Notes:

difference in own life

- better relationships
- better understanding of conflict and relationships
- less stress in life

Advantages to teachers in classroom

- understanding of emotions for yourself and others
- small changes – better outcomes
- less stress
- allows teaching to happen

Misconceptions of RP

- i don't have time
- anxiety / can it help
- have i the time?
- 

At the bottom of the editor, there is a dark blue 'SAVE' button, a print icon, and a download icon.

Easy Admin dashboard for school secretary or SE co-ordinator to manage team members. You can add sub groups to split between classes or roles. Add or remove team members directly. Reports are available per course, per user.

Group Code function allows you send a unique code to anyone who can then join your school subscription and access courses. (Course access can be shared with parents this way if a teacher feels it will be of benefit to the pupil). To remove anyone's access, click 'Remove' by their name.

The screenshot shows the CATTs Courses Admin dashboard. At the top, there is a navigation bar with links for 'Browse Courses', 'My Courses', 'Reviews', 'Support', and 'Contact Us'. Below the navigation bar, there is a 'Sub Group' dropdown menu and a 'Report' button. The 'Enrolled Users' tab is selected, and there is an 'Enroll New User' button. A search bar is present with the text 'Search user by name or email'. On the right, there is a 'Show 10 Users' dropdown and a 'Bulk Remove' button. The main content area displays a table of enrolled users with the following columns: Name, Email, Re-Invite, and Remove. The table contains five rows of data, with the names and emails redacted with black boxes. Each row has a 'Re-Invite' button and a 'Remove' button. At the bottom right, there is a small blue arrow icon.

## Subscription Packages

Based on feedback from schools with ASD units and Special Schools we have focused on the number of users a school needs to have access in these Special Educational Needs areas, vs. school pupil size.

**Price per subscription reduces the more users added to encourage whole school team has access. The more people in the school understand, and know how to help SEN pupils - better for everyone.**

Discounts start at 25% for 2 users, 30% for 3 up to 80% discount for groups of 50+ users.

Full discount table available at: <https://cattscourses.com/groups-discount-pricing/>

**Subscription DOES NOT automatically renew each year.  
Schools must resubscribe based on their training needs for that year.**

To generate your own individual quotation for your school, please visit:

<https://cattscourses.com/product-category/group-subscriptions/>

This will allow you vary the number of users, and see discounts available.
